DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 12, 14, and 15 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose calculating a strength and stress value of the product to be designed using a parameter name and parameter value whose input has been received; and does not disclose a comparison report unit that compares the calculated strength value with the calculate stress value, and reports report information which is associated with the comparison in a case where the comparison satisfies a predetermined condition. The allowability, at least in part, resides in both of these facts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
